Let me tell you my PASR story . . .

A friend of mine in Pittsburgh introduced me to the Pennsylvania Association of School Retirees (PASR). An invitation to attend a meeting and to work on the Pittsburgh Convention presented the opportunity to work with former colleagues and friends. The members were friendly, organized, and passionate about the PASR mission. This experience persuaded me to join the organization. My journey started at the local level and eventually expanded to include regional and state levels.

I am very proud to be a part of an organization that has a history of caring for others and helping its members enjoy retirement. My many experiences with PASR have truly enriched my life. I invite you to join us for a meeting, a trip, or a seminar. I am certain that you will be inspired as well!
